

DID YOU KNOW

YOU CAN HELP YOUR MERCHANTS DETECT FRAUD BEFORE IT HAPPENS?

Merchants are exposed to all types of fraud and need protection; as their merchant service provider, you want to give them the tools they need to conduct commerce safely. Our fraud-scrubbing tool, iSpyFraud, is a rules-based, real-time monitoring solution that can help merchants detect different types of suspicious transaction activity—before it costs them.

WHY ISPYFRAUD, AND WHY NOW?

Merchant Liability May Be On the Rise

With the U.S.' changeover to chip technology currently in full swing

Payment experts predict that a spike in ecommerce fraud is just around the corner for us.

In other words, there has never been a more urgent need for merchants to protect themselves and their businesses

Increase Your Revenue While Protecting Your Merchants

As with all our value-added services, you can adjust iSpyFraud pricing on a per merchant basis

Merchants benefit from the reassurance iSpyFraud offers, and you benefit from the boost to your revenue

WHAT CAN MERCHANTS DO WITH ISPYFRAUD?

Configure extensive rules and filters that evaluate suspicious transactions

Quickly and easily review transactions

Zero in on malicious users

Block suspicious activity
